BRING the Comfort Convenience Cleanliness Freedom of Electric Cookery into YOUR home at these

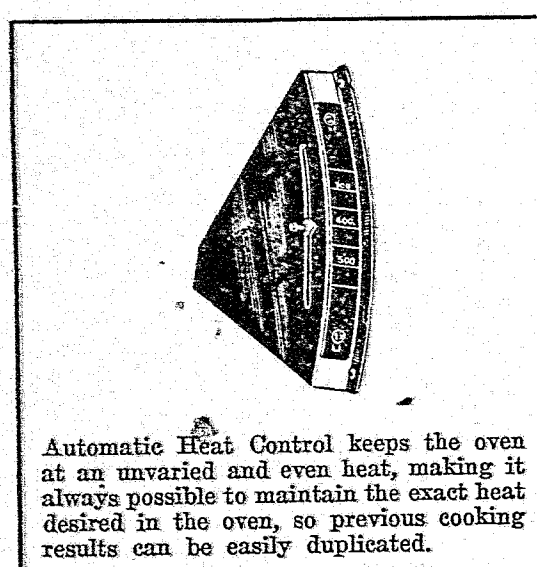

Special Low Prices During August Only

ELECTRIC COOKERY assures you of uniform results with a minimum of work. Your food is more delicious, digestible and nourishing because of the even temperature possibilities of your electric oven. Simply set the temperature control at the desired heat and it is automatically maintained without further attention on your part.

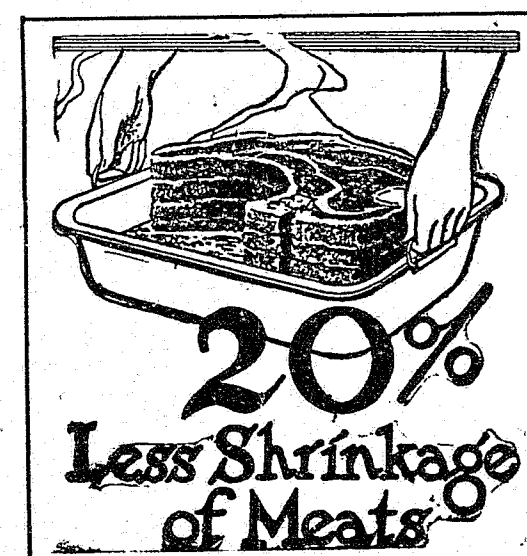

Delicately golden-brown cakes of tender deliciousness made possible through the uniform temperature of electric cooking—each cake a duplicate of your BEST EFFORTS.

CLEAN—with absolutely no trace of soot, smoke or odor—cooking utensils stay clean and shiny on an electric range. Pots and pans never get burned nor stained. A whisk of a cloth and your range is spotless—your fuel is at the turn of a switch, no carrying, no bother, no dirt!

BECAUSE OF THE INSULATED OVEN the radiation of heat to the outside is reduced to the least possible minimum. Your cooking goes on long after you turn off the current, making it possible to cook with stored heat, an economical feature of electric cookery.

ECONOMICAL—for it prevents food shrinkage, while retaining the finest flavor and the whole food value of the dish—saving fully one-third in your meat bills. Steaks, chops, and other meats broiled perfectly every time—cakes and pastry are always fluffy, light and delicately browned. Easily controlled—not too hot—not too cold, it bakes the bottom and top all the way through for the heat is evenly distributed through the oven.

AUGUST "SPECIAL"

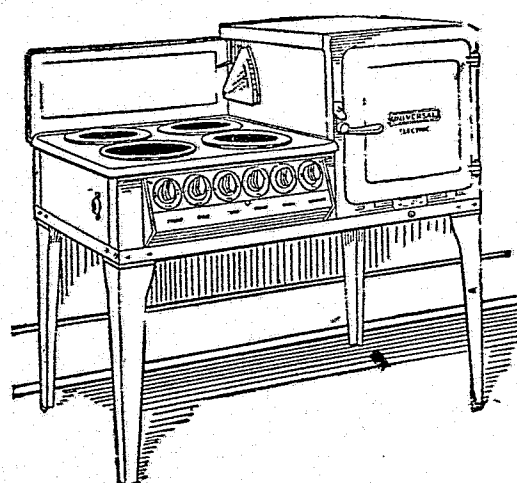

Due to an extremely large purchase of these ranges we have secured quantity production prices. Our policy is to pass this saving on to our customers. From August 1 to 31 these electric ranges, regularly carried in our stock and selling for considerably more, will be offered at these SPECIAL PRICES.

Arthur Kelleher, printer and linotype operator is back on his job after a week's vacation. His former home in Massachusetts, Arthur visited the beaches, attended to his business and improved every minute of his time.

At least one crop never suffered during the drought, that in the high school yard. The school boys have a ton of the stuff thriving. They plan to denature the picture of a school building in the background.

Paul Smith of Cummings Place came to the Advertiser office on Monday morning and found a pair of white sneakers. They were purchased at Boston and he took them there to find the owner.

There have been made a number of boys' suits in the city. Killing of birds is a serious business, and the Advertiser is deliberately committing this crime. The Advertiser is deliberately committing this crime. The Advertiser is deliberately committing this crime.

Norway Church Items

Congregational.
"The True Nature of Christian Love" will be the sermon subject of Rev. Raymond Morgan at the Congregational Church, Sunday morning at 11 o'clock. Many attended the service last Sunday morning and heard Rev. R. H. Colby, pastor of the South Paris Congregational Church, speak on the "Outstretched Hand."

Baptist.
Thursday, C. E. 7:30, Topic, "Jesus Teaching on God's Loving Care." Consecration meeting. Leader, George Haskell.

Rev. Milo G. Folsom, state president of the Maine Unitarian Convention, has accepted an invitation to be present at the Centennial celebration and will extend the greetings of the state convention.

Mrs. Shirley Wilson, cellist, of Auburn, will assist with an instrumental trio at the Sunday services, September 1. A number of pictures of former pastors and Sunday school classes have been brought to the attention of the committee which indicates that this will prove an interesting feature of the centennial, August 21 and September 1. We would like all such pictures available, also programs of conversations, entertainments and certificates held in the church, especially during its early history, and deeds of pious, records of important events, and some of the writings of the early pastors.

Methodist Episcopal.
Pastor Singleton has returned from the Empire Grove Camp meeting where he was the instructor in the Bible Study Hour; he gave six lectures, illustrated by Black Board Maps on "Paul and His Epistles." He will be in the pulpit Sunday morning at 10:45 and will bring a special message on "The Reasonableness of Jesus." In the evening he will give some "Echoes of the Camp Meeting."

Sunday School will be at 12 noon with classes for all ages. A beautiful, multi-colored Christian Flag was by the school last Saturday for having the largest delegation at the camp meeting and picnic, forty-six members of the Sunday School being present, who were presented to the school by the Pastor.

The volleyball game resulted in an easy win by the Norway team, the score being 21 to 1. One of the outstanding features of the camp meeting at Empire Grove was the "Quiet Hour Talks" which came at the evening hour of the camp, the speaker being Rev. G. M. Plummer of South Paris; the folks went away from these meetings to their rooms with the feeling that they had been ushered into the presence of their Lord. The camp meeting was voted to have been the best in every way for many years. Dr. A. I. Oliver, D. S., and his good wife proved to be wise leaders and gracious hosts.

The Norway Methodist Episcopal church will continue to hold regular Sunday services, the following is the schedule: Morning worship and sermon 10:45-11:15; Sunday school, 12 noon; Senior Edworth League, 6:15; Pleasant Sunday Evening Service 7 o'clock. The regular Thursday evening song service and Sunday school lesson study will continue during the summer and early fall.

A cordial invitation and welcome is given to any summer visitor to worship with us at any or all of our services.

Prizes for Canned Food
The National Canning Contest in Chicago, sponsored by the Sears, Roebuck Agricultural Foundation is on. Object is to find the best jar of canned fruit, vegetables or standard jars of the fruit, size, \$100, and fourth, \$50. Other prizes of smaller amounts will be given. Contest closes October 15.

While in season of champion canners, the prime object is to acquaint more housewives with the economy and healthfulness of home canned food, and to help absorb the threatened surplus of farm products in many sections.

Any method of canning may be used, but the use of steam pressure cooker is recommended by experts and by the U. S. Department of Agriculture.

That the judging may be impartial and the display uniform, contestants are required to use standard jars of the quart size. One jar and entry labels will be furnished free to contestants writing to headquarters of the National Canning Contest, 925 S. Homan Ave., Chicago, where information may be secured.

Citizens who have faith in the home must back that faith with work and dollars.

They had a fine display of homemade candies, which sold rapidly.

Mrs. Flora Abbott, Ethel Monroe and Jane Sanderson presided in the large yellow and white fancy work booth. The needle work was very fine and nice, much of which went at a good price. Mrs. A. A. Monroe and her helpers.

The president, Mrs. Fannie Green and Mrs. Hazel Kimball, with various ladies worked hard for it's success. Mrs. Jennie Finnam's patchwork upon yielded a fine sum. A good sum was realized and so much credit is due to able and efficient leader, Mrs. Alice S. Bell, who has so willingly and successfully carried on the sewing during the winter and spring. Most of the weekly meetings have been well attended. Some food was sold by Dr. Harry Watson in his usual jolly manner.

Lyman of Naples and his sister's driver, Mr. Martin of Waterford, Mass., while visiting their aunt, Mrs. Mrs. the Ferry, on Sunday, July 28th, got so nervous hearing cars drop into the bad holes in the road in front of the house that they worked on that road until it was much improved. Dexter Gray Dead—Lodge Notes—Smalls Moved into Laman House—Guests at Barden's—Church Services to be Held Out of Doors.

Dexter William Gray passed away at the C. M. G. Hospital at 11:30 a. m., Thursday, August 1st. For the last three or four years he has suffered more or less from poor health, but has followed his work when at all able to do so, and his courage was good all through. His trouble was hardening of the arteries, but during the last few weeks his sickness became more serious and he was taken to the hospital for observation and treatment. All that medical skill and the best of nursing could do was done, but to no avail.

Our deceased friend was the son of William and Matilda Morse Gray, formerly of Woodland in Aroostook County. He was the eldest in a family of eight children and was born at Woodland, May 26th, 1868. Most of his life has been spent in the town of Paris, South and West Paris. He has been employed in the Paris Manufacturing Co. for thirty years and was an honored and respected workman and foreman.

In the year 1892 he married Miss Evelyn Dickson of West Paris, the wedding taking place in Berlin, N. H. This union has proved a most happy one. A daughter was born of this union, Agnes Louise, who survives, also his wife and two brothers, Walter and Isaac Gray of South Paris and Ralph B. Gray of Portland and two sisters, Mrs. Carrie Pettengill of Worcester, Mass., and Mrs. Marion Van Matton of Brookline, Mass. There are several nieces and nephews.

Mr. Gray was a member of the Order of the Golden Cross. He was an ideal man in many ways, straight and upright in his dealings, a respected townsman and citizen and sought to live according to the Golden Rule. He made a place for himself within the town's life and will be missed, but most especially in his home, where he had endeavored himself.
